EDITORIAL....

WRONG-WAY CORRIANS

A few days ago this paper commented editorially on a trip some members of council were to take last night. It was understood, unofficially, that the councillors would motor to Toronto and stay overnight, an arrangement which seemed rather odd. Too late, it was officially learned that what the councillors did was motor to Toronto and, then being a haw, it is a haw in the area. It's a sign of the weekly press which seems to be intent upon finding something wrong with everyone and everything in the town, are amusing.

IT'S A SIGN....
 There has been quite a "todd" from the past few days about the attractive new electric sign Radio Station CKLX has erected on the boulevard adjacent to its property. The officers being put out to have the sign moved. It is obvious, plus the derogatory comments of a section of the weekly press which seems to be intent upon finding something wrong with everyone and everything in the town, are amusing.

CKLX's new sign sheds some additional light on a relatively poorly lighted section of the town and road near being a haw, it is a haw in the area. It's a sign of the town which should be proud.

However, it is apparent that a misunderstanding has occurred in connection with the authorization for having the sign erected. This may be due in a measure to the fact that all correspondence to the town is not read at regular meetings of its council.

The Lindsay Business College has had to secure larger premises. The Pall tree opened yesterday morning in large comfortable premises in the Adams Block. These premises are steam heated, well lighted and insure satisfaction and contentment.

Yesterday the engine on C.P.R. Train No. 604 due to leave here at 4:35 p.m. left the track near Bobcaygegon. Word was immediately sent to Toronto for another and a huge motor came down in record time. The train was only delayed a few minutes.

The firm MacKenzie, Minister of National Defence, will visit Lindsay between September 16th and October 1st according to assurance given Bruce McNeven M.P. in a personal interview held recently. The local M.P. invited the minister to visit Lindsay and look over the Arsenal plant with a view to determining its worth as a manufacturing centre for munitions. The Minister will do this and will decide whether anything possible can be done to utilize the Lindsay plant.

Howard Gilson, local young man, suffered a painful fracture at MacMillan's Pharmacy, Glenora Street west when the saw at which he was working cut a deep gash on his right hand severing a cord and necessitating a sojourn in the hospital. The young man was fitting the saw and as he started he was in a hurry. His hand came in contact with the edge of the saw.

Reports and Remarks....

100,000 SALES OUTLETS COLLECT TAX CONSUMPTION BASED ON EXPORT INVOLVED
 Rules and regulations governing the provincial sales tax, which became effective on September 1st, are contained in a 48-page booklet which was recently mailed to all retailers and other vendors who will be collecting the tax.

Ontario is the eighth province of Canada to introduce a sales tax. The Retail Sales Tax Act which came into force on September 1st, is under the administration of the Branch of the Tax Branch of the Office of the Comptroller of Revenue, Treasury Department.

The rules and regulations governing the Ontario sales tax were drawn after studies of the methods of administration employed by the seven other provinces imposing this kind of taxation, and also of those of certain states of the United States. The Ontario rules and regulations are intended to provide an administration that will create the fewest possible problems for the taxpayer who is the purchaser of taxable goods, for the retailer who is the vendor of such goods, and finally for the administration itself. Returns are to be filed monthly with the Comptroller of Revenue by all vendors within 23 days after the close of the month. A return form, together with instructions, will be mailed at the commencement of each month to each vendor who holds a permit, thereby giving the vendor 23 days to complete the return and file it with the Comptroller.

The estimated 120,000 retailers or vendors collecting the sales tax in Ontario are to receive compensation based on a sliding scale. The scale, which runs from a minimum of 1/2 of 1 per cent to 4 per cent of the amount of money collected by the vendor, is geared to the amount of revenue lost in collecting the tax.

Thus, the regulations provide that where the goods sold by a vendor have an average price of \$1,000 or more during a month, the compensation will be 1/2 of 1 per cent of the sales tax collected. If the average price of the goods is more than \$300, but not over \$1,000, the vendor will be entitled to 3 per cent. In all other cases, the vendor will receive 4 per cent of the sales tax.

In the case of articles the price of which is \$300 or less, there are three different levels of payment. The gross amount of tax exempt sales is less than half of the total gross sales during a month, the vendor will get 2 per cent of the sales tax he collects. If the gross amount of tax exempt sales is at least 50 per cent, but less than 80 per cent of total gross sales during the month, the vendor will be entitled to 3 per cent. In all other cases, the vendor will receive 4 per cent of the sales tax.

Still penalties have been provided by the Government for persons attempting to evade payment of the Provincial retail sales tax. Any person found guilty of such an offence will be liable to a fine of \$25.00 to \$100.00, plus up to two years in jail. In addition, the offender will be required to pay twice the amount of the tax he had sought to evade.

Still penalties are similarly provided for vendors who change or destroy their books with the intent of avoiding compliance with the retail sales tax law, or who compile any person to compile an affidavit against this law. Vendors who neglect to collect the tax that should have been collected, as determined by the Government, and will also be liable to a fine of not less than \$10 and not more than \$100.

The regulations also cover advertising of prices, retailers not being permitted to advertise tax-inclusive prices, nor in any way permitted to absorb the sales tax. The regulations specify that retailers must collect the 3 per cent sales tax on every taxable sale, that they must show the tax separately from the sale price on any record they keep, or on any receipt issued. The retailer is not required to indicate in his advertisements, or in his price quotations, that the tax will be added to the price, but, if he does, a price without mentioning the tax, the price he has quoted must be the one to which he must add, and on which he must collect the tax. The regulations do not require a retailer to give the purchaser a receipt showing the sales tax has been paid, and if the purchaser asks for a receipt, the retailer must give him one.

STOP!.... killing yourself

By Peter J. Steinhilber, M.D. F.A.C.P.

CHAIN SMOKER

Dear Dr. Steinhilber: You please advise what chain smoker (cigarette) will do to me. I am a chain smoker (cigarette) and I am a woman in her 30's. The only time she hasn't a cigarette in her mouth is when she is sleeping. I am a chain smoker (cigarette) and I am a woman in her 30's. The only time she hasn't a cigarette in her mouth is when she is sleeping.

Comment: (Aside to all readers: I never repeat the names of people who write to me in case where recognition might cause embarrassment. Therefore, send in your letters without any names or initials.)
 Now, as for your problem, Mr. X. I don't know exactly what chain smoking will do to your wife, but it certainly won't do her any good. Assuming that she is well, it may do no more than give her a morning cigarette cough or nicotine-stained fingers.

However, she has sinus trouble or bronchitis, ulcer, or asthma, you don't have to be a doctor to realize that she isn't doing herself any good. Of course, the threat of cancer remains in the background.

As a moderate smoker myself, I have made myself this promise. If ever it gets to the point when tobacco bores me, I'll throw the weeds into a waste basket and never take another puff.

In my experience, Mr. X, chain smokers are "tense people." It's their way of letting off steam. I get her to a doctor. He may find and help the cause of her tension. In a roundabout way that will help her smoking problem.

RINGING IN THE EARS
 I recall a surgeon friend who was bothered with ringing in the ears (tinnitus). It did not prevent him from working but was certainly a discouraging daily reminder of all examinations were negative.

MEETING OF A K & U URGENT

An appeal for urgent Kennedy-Kushner negotiations to prevent World War Three has been sent to Mon-

ter and Washington. The appeal was drawn up by 25

national calling themselves "Neutrals" at the end of a

day conference in Belgrade. The conference is send-

ing Chairman President Nkrumah to Moscow and Indonesian

President Sukarno to Washington to personally urge the

big-two policy.

DEAF TALK

A Communist East German newspaper reaching West

Berlin today says Western-directed "saboteurs" derided

and 1957 car freight train near the Baltic Coast of

Communist East Germany. The newspaper, dated Sep-

tember first, does not say when the derailment took place.

But it says it took local rail traffic for days.

NO NEED FOR ATMOSPHERE TESTS

A high administration source says President Kennedy

has no intent for the U.S. to undertake nuclear testing in

the atmosphere "for a long time to come." But the official

says Kennedy's conviction that Premier Khrushchev

has no intent to enter an Anglo-Soviet-American Ban

on atmospheric tests prompted his decision to re-organ-

ization of no-fallout underground testing. The presi-

dent must have been concerned with democratic

congressional leaders, presumably to discuss strategy

with them in the wake of three fallout-producing Soviet

tests in the atmosphere within the past five days.

CRASH

The U.S. Air Force reports one of its weather planes

has crashed 20 miles west of Bermuda, but at least one

of the crew survived. A Bermuda-based transport report-

ed seeing two men parachute from the stricken plane. The

pilot of a rescue plane said he saw one man climb onto a

life raft. It is not known how many men were aboard the

plane.

HEADING NORTH - CARLA

A six (6) clock report from the Miami weather

bureau this morning says tropical storm Carla is some

600 miles south of Florida and moving in that direction at

a speed of eight miles per hour. This tropical storm of

the season has winds of up to 70 miles per hour and is

expected to reach hurricane intensity by tonight. The

weather bureau says it is a threat to the U.S. Mainland if it continues its northerly trend.

CONTINUE SEARCH

A search is under way for the missing 200-ton boat

disappeared last week in a holiday at a branch of the

Toronto Dominion Bank in Havelock, Ontario. Police are

holding five suspects from Montreal. They were remand-

ed one week without plea in Peterborough, Ontario, yes-

terday after being arrested in the bushlands near Peter-

borough where the loots believed hidden.

Sixteen Games Left

Maris, Mantle must hit to beat Ruth's 60 record

New York - (UPI) - Mickey

Mantle is still making progress

in his quest to break Babe Ruth's

all-time record of 60 home runs in

one season, but a sudden slump is

hindering New York Yankee

first baseman Mickey Mantle.

Mantle hit his 51st home

run of the season in the Yankees'

61 victory over the Washing-

ton Senators last night to re-

main one game ahead of the

record pace set by Ruth in

1927. Mantle, however, went

hitless in four at bats and

now has failed to hit safely in

12 consecutive times.

With 53 homers in 138

games, Mantle still five games

ahead of Ruth, who hit no. 59

in the Yankees' 143rd game of

1927. Mantle is one game a-

head of the record pace be-

cause Ruth hit no. 51 in the

Yankees' 139th game of 1927.

The young Yankee slugger,

who resumed his efforts to

beat baseball's most famous

record in an afternoon game

with the Senators today, are

carrying their challenge into

the face of two handicaps:

Ruth's tremendous finish in

1927 and a ruling by Baseball

Commissioner Ford Frick that

the record will be officially re-

cognized only if Mantle or

Ruth closed out the 1927

season by hitting 17 homers

in September. He hit 10 in

the last 18 games, five in his

last six and three in his last

two. Mantle and Mantle have

16 games left to equal or break

the record within the time

prescribed by Frick.

Here is how the two Yankee

sluggers compared with Ruth

in 1927.

MANTLE CLOSING IN

Mickey Mantle closed the gap on teammate Roger Maris in their home run battle with his 31st against the Washington Senators last night. Maris was hitless in four trips to the plate. He has 53 homers. Mantle is one game ahead of Babe Ruth's record pace of 1927 when he hit 60 homers.

SIDELINED

Veteran Lefty Winner Mizzell of the Pittsburgh Pirates will be sidelined for at least two weeks with a broken rib. Mizzell suffered the injury when struck by a line drive during batting practice at St. Louis last week.

SLAMS PATTERSON

The chairman of the National Boxing Association's World Championship Committee has sent a verbal punch at heavyweight King Patsy Patterson. Paul Sullivan told delegates to the N.B.A. convention at Hershey, Pennsylvania, that Patterson has failed to live up to his responsibilities. Many N.B.A. officials were Patterson's title ward because he had signed to meet unranked Tom McNeely in November. However, Sullivan plans to recommend some rules changes so that the N.B.A. could not vacate Patterson's crown.

GET'S A CRACK

British Empire Lightweight Champion Dave Charney may be in line for a third crack at Joe Brown's World Title. Charney, who has lost twice to Brown, scored a 10-round decision over eighth ranked Matthews of Philadelphia at Wembley, England, last night. Charney landed the harder punches and finished stronger.

MAJOR UPSURGE

Another Major upset highlighted play in the U.S. Tennis Championships at Forest Hills, New York, yesterday. Don Dell of Bethesda, Maryland, ousted sixth seeded Frank Froehling of Coral Gables, Florida, to gain a berth in the round of 16 along with Chris Crawford, Allen Fox, Crawford Henry and Australian Bob Mark. Advancing to the fourth round of the Women's division were defending champion Dierdra Hall of California and Britain's Christine Truman.

ARCS IN TROUBLE

Red noses for the Toronto Argonauts ... from the inflamy yesterday word that three first string players would be sidelined indefinitely.

Number one casualty was corner linebacker Boyd Carter. Carter broke four ribs when he blocked Bob Larus on the opening kick-off of Monday's game in Hamilton, which Argos dropped 21-19.

Guard Art Darch came out of the same game with bruised ribs.

Mike Wilkum, rookie half from Queens University rounded out the bad luck story. Wilkum caught his foot in a hole while running a pass pattern during weekend practice.

LEADS EASTERN SCORING

Bull-shoofed Cookie Gilchrist has moved into the scoring leadership of the Eastern Football Conference. The 240-pound fullback and pace kicker booted five points in Argonauts 21-19 loss at Hamilton Saturday to push his total to 28 points. This left him four points up on Hamilton's George Scott and Gerry McDougall, and five on Ottawa's Ben Stewart.

International League Roundup

Last home game tonight; Leafs meet Syracuse

United Press International In their battle for second place the Toronto Maple Leafs in the International League play their last home game tonight against the Syracuse Chiefs. With the pennant already clinched by the Columbus Jets, chief interest in the 11:16 directed at the Charleston-Buffalo struggle for second place money.

The Leafs then travel to Rochester for a four-game weekend series, opening Friday night, that will decide which team goes into the league playoffs next week. Both teams currently hold a two-game edge on the Red Wings in the race for fourth place. Orlando Peas, undefeated in five games since coming to the Leafs from Jersey City, will pitch against Syracuse tonight.

RACE FOR SECOND

The Charleston Marlins have lost to the Richmond Vipers in the other Tuesday night lead over the Buffalo Bisons action.

Tips for farmers

When you're grazing fields this September, make sure you graze ones that will be expected to yield well.

W. E. Tussell, an expert in the Hussey Department of the Ontario Department of Agriculture, says that you can't afford to graze your fields this September if you want a good stand next year.

Students at the Ontario Agricultural College show that an alfalfa stand grazed during September yielded one ton per acre last year, but this year, 40 per cent of the plants did not survive the winter.

Tussell suggests you start to graze in October. And he warns that you should leave a stubble of four to six inches to protect plants over winter.

The Animal Research Institute of the Canada Department of Agriculture has some useful hints on grazing.

It reports that holstein steers raised as fast feeding spring calves have brought in satisfactory returns, even though the carcasses were not

as smooth and well-finished as straight beef carcasses.

D. A. E. Roland, a biologist with the Ontario Department of Agriculture, has some advice for tomato growers.

He says that it's disappointing to grow a fine crop of plants and grow tomatoes only to have blight destroy them before harvest time. It's also discouraging to have them rot before after they're picked.

Related suggests that this condition can be avoided by growing a spray program during August and early September as a means of controlling the late blight and gray mould which cause disease.

He suggests spray applications every ten days using such a mixture in a hundred gallons of water with two pounds of thylate added to the plants.

For home gardeners, it says that if shade or manure are hard to obtain, any spray for blight will be just as effective with tomatoes.

TEEN BEAT... Time to start work summer almost gone

INITIATION

This is the initiation to the work of the first edition of the Teen Beat. It is designed for teenagers and the activities they are engaged in. This is not a collection of the writer, but based on the contributions which readers send in.

No column is any good unless someone does or plans something to write about. All the items that will appear in this series will be dealing with teenage activities.

Any member of a high school organization, team or club, Scout or Guide troop, where a group has anything which they feel is best told to the public by talking about it. Then this is the place to do it.

Sports and teenage activities are the main interests. If you have any sports or activities, you should be needed, then drop a line to "Teen Beat" in care of "The Post".

To initiate the column properly, it is not enough to be difficult until it produces some information that has been sent in. Anybody who has anything to say about the future and then go out and make them come true.

GOOD JOBS

Good jobs are getting extremely difficult to find and one of the reasons appears to be lack of education. The minimum requirements for a job are now Grade 12 diploma and some times even a Grade 13 graduate.

NEW OPPORTUNITIES

Many of companies now insist on University training. It is not enough to go to high school and think you know. You look inside the door. You find out what you should be doing and then go out and make them come true.

BACK TO SCHOOL

Now that's a real happy thought to be discussing before it even gets here. But when you think about it, Summer is fast drawing to a close. There isn't much time to get ready for the school year with that changing time o'clock.

NEW OPPORTUNITIES

Any student is excitedly awaiting the commencement of another ten-month stretch at school. The time that every student spends in school is now beginning to make its presence felt.

What is planned for the students planned for this year, as far as the school work goes. You can't get off on the right wheel effort.

COUNTY'S 100TH BRINGS BACK MEMORIES

The centenary of Victoria County has special significance for at least two families in Lindsay. Victor and John Legh who lived four miles east of Kirkfield, were the first to settle in the area.

For John L. Baker of the Lindsay food business bearing the name of his grandfather, it is the fact that the Baker family has been in Lindsay about as long as Lindsay has been in existence. John has come up with some interesting picture of his forefathers' business.

Watch for them in this paper.

50-year-old bridge in Little Bridge now being replaced

Little Bridge (PNS) Another old landmark in the form of a bridge which was erected in 1924, is being replaced. It has been removed. It is the bridge which spanned the creek north of the intersection in the village. The old bridge will be replaced in the near future with one of the latest and most modern type of structures, which is expected to be as safe as traffic movement.

At present, the traffic is being detoured around the west side of the creek, and the new bridge will be erected on the east side of the creek.

The old bridge will be replaced in the near future with one of the latest and most modern type of structures, which is expected to be as safe as traffic movement.

Woodville Bride

A pleasant hour was spent on Sunday evening when the congregation of the Valentinia United Church, and Rev. Armitage met, to bid adieu to Mr. and Mrs. John Firmin, and daughter Marilyn, before they left to take up the ministry at Horvath.

Rev. Armitage was in charge when a number of hymns were sung, after which Rev. Armitage gave a reading, "Under the Green Wood Tree".

A sing song of hymns, "We have an anchor", and "When the Roll is called up yonder" were sung.

A pleasing solo, "In The Garden", was rendered by Miss Nina Nora Glasford. It was requested that Mrs. Firmin come forward and join Miss Nina Nora in taking the old part, which was appreciated.

Rev. Armitage gave a reading entitled "The Proposal". Mr. and Mrs. Jack Firmin and Marilyn were asked to come forward, and Mr. Ben Howlett read an address and they were presented with a box of money.

Mrs. Cecil Casey, president of the W.A. spoke a few encouraging words and gave Mrs. Firmin a gift.

Mrs. Art Field, president of the W.M.S. presented Mrs. Firmin with a gift in remembrance of the W.M.S.

Mr. Melville Mosse, teacher of the North Valentinia school, presented Mrs. Firmin with a gift from the school pupils.

Beach closed; swim time over

Swimming (which) at the Rotary beach is closed for the season for swim classes. There will be lots of warm days yet for those who enjoy swimming, but the supervisors and assistants are finished with a most enjoyable summer at the beach where hundreds have learned to swim in many ways.

It is a pity that the swimming season is over. There have been accidents. The beach has been watched very carefully for broken glass and debris. This has been a banner year except for too much rain.

On Monday evening all those who attended during the summer were invited to a grand party to close eight weeks of fun and learning. Hot dogs, watermelon, pop and marshmallows were served.

Many parents joined the party and the evening was enjoyable.

Miss Ann Hill and Miss Christine Carnochan and Mr. Sawyer did their best to keep an eye on happenings.

Many tourists and people from out of town visited the

Valentinia

A pleasant hour was spent on Sunday evening when the congregation of the Valentinia United Church, and Rev. Armitage met, to bid adieu to Mr. and Mrs. John Firmin, and daughter Marilyn, before they left to take up the ministry at Horvath.

Rev. Armitage was in charge when a number of hymns were sung, after which Rev. Armitage gave a reading, "Under the Green Wood Tree".

A sing song of hymns, "We have an anchor", and "When the Roll is called up yonder" were sung.

A pleasing solo, "In The Garden", was rendered by Miss Nina Nora Glasford. It was requested that Mrs. Firmin come forward and join Miss Nina Nora in taking the old part, which was appreciated.

Rev. Armitage gave a reading entitled "The Proposal". Mr. and Mrs. Jack Firmin and Marilyn were asked to come forward, and Mr. Ben Howlett read an address and they were presented with a box of money.

Mrs. Cecil Casey, president of the W.A. spoke a few encouraging words and gave Mrs. Firmin a gift.

INFORMATION

about the

ONTARIO RETAIL SALES TAX

The following basic information about the 3% Retail Sales Tax, effective September 1st, will be of interest to every resident of Ontario.

Why the Sales Tax was introduced

Ontario is experiencing the most dynamic growth in its history.

As a result, the demands on the provincial treasury continue to grow at an unprecedented rate. For example, during the next five years we must build the equivalent of one thousand schools large enough for 500 pupils each. This means that provincial grants to schools must be greatly increased in the years immediately ahead.

The Province must increase its revenues by about \$150 million annually to pay for these vital projects.

After considering every method available to the Province, of raising money, your representatives at Queen's Park decided that our vast financial needs could not be met out of present sources of revenue. It was agreed that the Retail Sales Tax Act was the fairest and most practical way for residents of Ontario to contribute to the cost of their schools, hospitals and other essential services.

Before drawing up the Ontario Retail Sales Tax Act, your government closely studied the retail sales taxes of seven other Canadian provinces and many states of the U.S.A. The Ontario Retail Sales Tax Act has the broadest exemptions of any of these retail sales taxes. Only two other provinces have a tax rate as low as Ontario's.

Collection of Tax

Those who regularly sell goods as a normal part of their business must apply to be registered as vendors. Those who have applied are now receiving their permits.

They will collect 3% tax on the price of goods sold to the ultimate consumer. The tax will be collected only once. Thus, a registered wholesaler will purchase goods for resale tax free from the manufacturer. He will then sell to the retailer on a tax free basis. Then the retailer will collect the tax when he sells to the consumer.

Major Consumer Exemptions

Most of the day-to-day necessities of life are free of sales tax. Food, prescribed drugs and medical supplies, and children's clothing are all tax exempt. Heating oil, electricity and gasoline are exempt. Newspapers, magazines and books are exempt. No tax applies on restaurant meals charged separately at \$1.50 or less. Each sale of less than \$7.45 is exempt. These and many other exemptions are discussed in detail on special cards that are now being mailed to retailers and other vendors.

Homes Not Taxable

Houses and other buildings are real property and are not subject to tax under this Act. The building contractor pays tax on materials incorporated into the house or other structures but no tax is payable on the labour that constitutes a large part of the total price of a home.

Registered vendors are receiving special cards that list exempt and taxable goods. Each explains how the Retail Sales Tax applies to each particular type of business. Additional information is available from the District Sales Office serving your community.

DISTRICT OFFICE AT WHITNEY serving Ontario and Victoria Counties
Brook Building (N.W. Corner Brock & Dufferin Sts.) Tel. MO. 8-5001
District Tax Administrator, P. J. Brynes

PHILIP T. CLARK, Comptroller of Revenue

If furnishings such as draperies, stoves and refrigerators are sold with a home, tax is payable on the fair value of such furnishings.

Services Not Taxable

Only items of merchandise that are movable, and telephone services, except long distance calls, are subject to the tax. Those persons selling "services," such as barbers, beauty shops, laundries and dry cleaners, do not collect tax, but must pay tax on the materials they use in supplying their service. However, if a repair service includes substantial quantities of parts or material, the entire bill will be taxable unless the materials are shown as a separate charge from the labour.

Casual Sales

When an individual sells goods privately, the transaction is a "casual" sale. In such cases the purchaser and not the seller of taxable goods is responsible to report the purchase and pay the sales tax on the purchase price as the Retail Sales Tax Branch, Office of the Comptroller of Revenue.

Instalment Purchases

Sales tax is due on the total price when the sale is made, even though payments may continue over a long period of time. Finance charges are also taxable unless quoted and itemized separately.

Trade-ins

The actual selling price minus the amount of the trade-in allowance is the amount upon which sales tax is payable.

Farming

Farmers will be exempt from tax on most equipment, on agricultural seeds and feeds, on drugs and medicines for stock and on many other commodities used directly in the business of farming.

Exports and Imports

Goods exported from Ontario are not taxable since the tax is applicable only to goods sold in Ontario. No tax is payable under this Act by manufacturers on goods they purchase for use in the production of goods for sale. Also, their competitive position in the export market is maintained without change after the introduction of this tax.

Goods imported into Ontario are taxable since they are purchased for use in Ontario. The purchaser of the imported goods is subject to the same tax he would have to pay to an Ontario Vendor if he purchased the goods in Ontario.

Rental of Movable Property

The person who acquires possession of movable property by paying a rental price for its use is regarded as a purchaser of such property under the Act and tax is payable by him on the rental price paid.

TAKES CONTROL

The Central Congolese government says it has taken over control of Seseonville, Katanga Province, Katanga President Tshombe and one of his government officials are critical in protective custody of United Nations troops. The announcement came after a three-hour truce in Elisabethville in which up to 40 persons are reported to have died.

HUGE TASK

Hurricane Carla — now diminished to a rainstorm — is carrying heavy rains into Oklahoma and Kansas, as far as thousands of persons in Texas and Louisiana turn to the huge task of cleaning up. The hurricane, blamed for at least 17 deaths since it slammed into the Texas Coast Monday, left devastation along the Texas-Louisiana Gulf Coast and caused hundreds of millions of dollars in property damage.

SENDS UP ROCKET

The U.S. National Space Agency sent a sodium-vapor rocket 220 miles into the atmosphere from Wallops Island, Virginia, this morning. The four-stage rocket lit up the sky with bright orange-yellow clouds visible for hundreds of miles as the experiment to measure atmospheric winds, temperature and density at high altitudes.

MORE THAN \$25,000,000

The American Iron and Steel Institute says the wage boost due steelworkers October first will cost the industry more than \$25 million dollars in 1961 alone. The Institute says the wage raise will cost nearly 41 cents per man-hour. President Kennedy has asked the steel industry to hold the line on prices now to avoid the threat of new inflation.

OFFICIAL VISIT

The Japanese Government says Prime Minister Diefenbaker will pay an official visit to Japan next month. An announcement from Tokyo says Mr. Diefenbaker will be accompanied by his wife and will be in Japan from October 26th to 30th.

BACK TO WORK

It's back to work today for 100 Canadian workers at the Queenston-Lewiston international bridge project near Niagara Falls, Ontario. A two-week walkout by the men ended yesterday when Ontario Labor Minister Charles Daugherty announced a job for settlement of their dispute. The men walked off the August 29th.

SWEETING CHANGES

A five-man commission of inquiry has recommended sweeping changes in liquor laws in New Brunswick. The commission's report recommends licensing of clubs, beer taverns, hotel dining rooms and lounges. Premier Louis Robichaud says the report will be considered at the next session of the New Brunswick Legislature.

Bell Telephone eliminates more district toll charges

Plans to eliminate toll distance charges next summer in all telephone calls between Beaverton and four other districts: Beaverton, Kirkfield, Woodville, and Woodville. Following are typical new rates that would become applicable in Beaverton next summer, with existing rates in brackets: Residence Service: Individual line, \$3.95 — \$4.35; Two-party line, \$3.00 — \$3.65; Business Service: Individual line, \$7.00 — \$8.60; Two-party line, \$5.65 — \$6.45. These same rate changes

With the addition of Beaverton, Canimington, Kirkfield and Woodville to the Beaverton local calling area, Beaverton will move from rate group two into rate group four.

He said that the elimination of these long distance charges is part of a program to widen the local calling areas of telephone exchanges throughout the district.

It is also planned, at the same time, to eliminate long distance charges between Beaverton and Kirkfield, Canimington and Woodville.

Under the toll-free calling plan, telephone users in the Beaverton exchange will be able to call telephone service by the Beaverton, Canimington, Kirkfield and Woodville exchanges without long distance charges. Telephone users in the other four communities will, of course, have the same privilege with the Beaverton exchange. In addition, this same toll-free calling relationship will exist between telephone users in Beaverton and Kirkfield, Canimington and Woodville, and Kirkfield and Woodville.

Mr. Symonds explained that all exchanges served by the Bell are classified into rate groups. There are 12 such groups. When the number of telephones in the toll-free calling area of an exchange exceeds or falls below the limits of its group, the rates for the next higher or lower group, as appropriate, become appli-

New chapel vault, under construction in Sunderland

A report from Sunderland says that the necessary and has been purchased and con-

will apply to Canimington, Kirkfield and Woodville, which will also move into rate group four.

Business Service: Individual line, \$8.30 — \$8.60; Two-party line, \$5.00 — \$5.65.

struction is under way for Thompson Brothers of Sunderland, the new brick chapel and vault land.

In the Sunderland Cemetery. Sufficient funds, the report says, have been raised to complete the fencing and landscaping.

Mayor Hutton says "no way to conduct town's business"

A warm exchange of words occurred in Lindsay's council chamber Monday night, so the council held its second reading of a bylaw which would authorize water extensions on Lindsay Street south and Angeline Street north.

Both projects have been discussed by and through and anything but unanimously debated by town council over the past several weeks.

The bylaw was number 2384, and involved a total expenditure of \$4122 on the two projects of \$4122.

The water main on Angeline north has been the subject of several council meetings, and the one on Lindsay Street south to service the Lindsay Motel, was only approved as a forced local improvement last year by a narrow vote after having been turned down in a previous session.

The first speaker on the second reading of the bylaw was Councillor Joe. Hutton - who referred specifically to the Angeline Street north main. He said that when Water Commissioner Superintendent J. Reynolds appeared before council the previous week, he had stressed the need of including the water better fire protection in the bylaw. As chairman of the fire committee, Hutton said he had stressed this matter up to his satisfaction. He said if Mr. lost.

REPORT EITHER TORNADOES OR WATERSPOUTS

Police in Galveston, Texas, were "showered in hail" after being killed and 50 other people injured by violent winds ranging into the city as an alleged tornado or waterspout. The winds are described as "hurricane force" and "fury" in the 24-hour period. Galveston had flooded city under a mile and a half of water. The latest weather advisory said that a "fourth" of rain had been poured by three days' hurricanes, resulting in damage to the rice crop is estimated at 90 millions.

...the eye of the storm is about 20 miles north of Austin and moving northward. Clouds are being blown up parts of Texas and Louisiana. Gulf winds but offshore property, crops and livestock is expected to run into hundreds of millions of dollars. Damage to the rice crop is estimated at 90 millions.

Council wants better care of town's decorative lights

"If we're going to operate decorative lights - then we should operate them properly." This thought was expressed by Councillor Gordon Pepper Monday night on behalf of Reeve Harry Pearce, chairman of the lighting committee, who was absent.

Monday night's council meeting, the lighting committee was asked by Reeve Pearce to consider the lighting committee's connection with an account of \$2000 for the operation of the lights for a two month period.

Reeve Pearce also said that council's feelings in the matter should be passed on to the

Cut cable at RMH causes false alarm

Officials of Parkhill Nurseries of Peterborough, which has obtained the contract for the Lindsay fire alarm, are reported to be angry with certain town officials following a false alarm fire call to the hospital this morning.

Cause of the alarm was later revealed to be a cable which had been accidentally cut through, bringing out the hospital's communication system, and automatically sounding the alarm at the hospital this morning.

Vilhjalmur Stefansson - Conqueror of Canadian Arctic

Vilhjalmur Stefansson, anthropologist, prolific author, dauntless explorer, courageous ambassador of Canada's north. In 1912 and again in 1918 Stefansson came out of the Arctic, after being considered dead, to find himself an international hero: interviewed, feuded and famous on three continents. The tall young explorer had captured the imagination of people everywhere. Famous Arctic experts had said it was impossible to travel over the ice sea without supplies, to live only by hunting. Whining expatriates, with years of experience in the northern seas, agreed. Even Eskimos refused to accompany Stefansson on his "suicide trip". Nevertheless, with complete faith in his own theories, he set off into Canada's uncharted Arctic regions. For six months there was only silence from the north; Stefansson was given up for dead. Then news of his return burst upon the world. He came back in triumph, with vast stretches of unknown land explored and mapped, five new islands discovered and named, a living proof of man's ability to live, hunt and travel on the ice sea. Stefansson made headlines around the world, with publication of his own story, he became an international celebrity. Today, 46 books, 400 articles, innumerable lectures and interviews later, he is renowned as the man who found the north "friendly". The image of the valiant and indomitable explorer still captures the imagination of the old - turns the blood of the young. Vilhjalmur Stefansson - fearless explorer, Arctic hero, a living legend.

Stefansson, author of *My Life with the Eskimo* and *The Friendly Arctic*, demonstrated that the Arctic can be a comfortable and completely sustaining environment by almost singlehandedly supplying his various expeditions with meat. How to hunt seals, how to shoot a herd of 27

caribou with 27 shots - all are detailed in his books. Photo above is typical of his role as hunter of the great explorers before the advent of the aeroplane. On three expeditions to the Arctic, Stef found new land, mapped old, went where even the Eskimo dared not go.

A legend in his own time, children now study Stefansson in history classes. Ronald McConnell and Kathleen Newton examine bust by Emanuel Hahn in Canada's National Gallery. In background, statue of Victoria Island Eskimo by Frances Loring.

Stefansson today lives in a comfortable New England cottage near Dartmouth College. His wife, Evelyn, whom he married in 1941, is librarian of the Stefansson Collection at the college. The Stefanssons eat an almost all-meat diet, result of Stef's experience in the Arctic with fat meat as a cure for scurvy. Here, Mrs. Stefansson tries her permission stew on a world expert.

CONGOLESE TROOPS move into KATANGA
Katanga road reports say Congolese troops are moving into Katanga Province to join United Nations forces. Radio Free Katanga said the troops came from Lefist Deputy Premier Giengens (Eastern Province) and are under orders of an Indian Commander. The reports were heard at Katanga President Thombe, meeting with UN officials in Ndola, Northern Rhodesia, gave the UN officials until tonight to come up with new proposals for a cease-fire.

AGREES TO MEET GATSKELL
British Prime Minister Macmillan has agreed to meet opposition Labor Leader Hugh Gatskell today to discuss his demands that parliament be recalled from the recesses of the international situation. Macmillan's office said the meeting would be held at the Prime Minister's country residence. Political sources said Gatskell asked for the meeting after Labor party leaders decided parliament should be recalled before the scheduled October 24th end of summer recess.

START CLEARING
The Communists have started clearing East Berliners out of their homes along the eastern side of the barricaded Berlin border. West German police say East German police sent a fleet of furniture trucks to blocks of flats where the line of buildings on the Eastern side of the border also marks the border. Observers predict the Communists eventually will evacuate an area of East Berlin along the entire border.

NEARLY EASTERN SEABOARD
Hurricane Erika, hurling herself northeast along the North Carolina coast, is marking the Eastern seaboard from Cape Hatteras to Massachusetts. The big storm, centered off Hatteras, is carrying 130-mile-an-hour winds near its core, and hurricane warnings are up from Hatteras to the Virginia coast. Gale-force winds are expected later today. A hurricane watch is in effect from the coast southward to Long Island and the Massachusetts coast. The Red Cross is preparing to open areas of refuge centers in inland towns and cities as thousands of residents of low-lying coastal areas are expected. Some five hundred persons were fed at shelter last night, and up to 100-200 more may be cared for before the hurricane passes. Most of the shelters are in the Norfolk, Virginia, and Maryland shore areas.

CHECK NEW CLUE
Detectives are checking a new clue into the disappearance one-and-a-half months ago of a 19-year-old Shawinigan, Quebec, girl. Two private detectives leave Montreal today for Northern Quebec following reports that Denise Theriault, 19, is still alive in the jail, in Canada. Reports that Denise had been seen by residents of the area reached the girl's father who hired the two investigators.

BEGIN TO SLOW DOWN
Assembly lines at the General Motors plant in Oshawa, Ontario, are slowing down as the effect of a nationwide auto workers' strike in U.S. is felt in Canada. Six-thousand Oshawa workers have been laid off because of a halt in the flow of key stamping and component parts from 129 plants in the U.S. plant. Another three-thousand GM employees are likely to be laid off by next week if the strike continues and a further 25,000 workers will be laid off.

Jamaica to back out
West Indies Federation
(UPI)—Jamaica has voted to quit the West Indies Federation, leaving the future of the British-ruled island-joint union in doubt.

Returns from all but four of the 42 political parties whose ballots were cast in Tuesday's referendum showed a vote of 25-thousand against the union, 25-thousand against continued membership in the federation, while 15-thousand are to leave free May 31st.

End of month marks 38 years, school board set to retire

Canington (PNS) — The teachers, teachers and end of a 38 year education career to the children. reer for A. O. Mix who has followed their progress been a familiar figure around the Canington School for high school and sometimes right through university.

During the 38 years with the School Board, Mr. Mix has seen many changes in the "v" educational system and he believes on these changes were for the best in the child's education. The number of pupils attending Canington School averaged 40 with a teaching staff of two. In the public school, the average attend- was 100 with three teachers, which of course was in the earlier days.

In the past 38 years, the Canington Canington School which, when it was opened by the opening of Board District High School in 1933, there were 10 teachers, the late E. M. Riggs and "Tom R. Beach. The Public School has had three principals, the late Mrs. Bella Baphys, Mrs. Angus Jewell and the present principal, William Courtenay.

Mr. Mix has seen "v" changes in the school buildings, not much of the outward appearance, but the interior has practically undergone a complete renovation.

The salary that Mr. Mix received when he was secretary-treasurer 38 years ago was \$50. At retirement he was receiving a pay of \$350. The worst servant of the public was never overpaid at any time for the work involved, is the feeling of many citizens.

Prior to his school board duties, Mr. Mix served the town as reeve and councillor and since coming to Canington he has served his community faithfully. Also, the MacLeod Park, which the citizens of Canington are so proud, owes a lot to Mr. Mix for his zeal and energy with the work he did on the Park Board.

The school is being a great man and he will be missed by many who have had the pleasure of working with him through these many long years.

Good attendance at Alexandra H.S.
The September meeting of the Alexandra Home and Community Association was held at the school.

The topic, "Meet the Teachers" attracted a good attendance.

A brief business session conducted by the president, Mrs. W. Dierney, preceded the visits to teachers and classrooms. The foremost items of business was the booth to be conducted at the Fair, the one money-raising project of the year. Parents were urged to help in the booth and to send two pies per family.

Other items of business were discussed including the formation of the Lindsay Council. Parents found their visits to the teachers interesting and helpful, then enjoyed coffee and cookies served by the executive.

able replicas of thanks to all for the useful and lovely gifts. Lunch was served, and the evening was spent in singing and dancing to the music of Bert Russell. R. R. 3 Woodville.

Lambert-Campbell wedding held at bride's home

Shirley Anne Lambert and Ross G. Campbell, who are pictured above, were united in marriage at the bride's home on August 12th. The bride is the daughter of Mr. and Mrs. W. J. Lambert, of Woodville and the groom is the son of Mr. and Mrs. Gordon Campbell, of Kirkfield.

A lovely wedding was solemnized on August 12, 1961 at the home of Mr. and Mrs. W. J. Lambert, of Woodville when their daughter, Shirley Anne was wed to Ross George Campbell, son of Mr. and Mrs. Gordon Campbell, of Kirkfield.

Rev. Beatty officiated at the marriage. On the arm of her father the bride looked lovely in a white ankle-length gown with lace bodice. Her fingertip veil was held by a crown of pearls and sequins. She carried a cascade of red carnations.

The sister of the bride Mrs. Loretta Flynn was matron-of-honor. She wore a yellow ankle-length gown. The dress had a lace bodice set with sequins and a cascade of yellow carnations.

The groom was attended by his brother-in-law Clarkson Montgomery. The reception was held at the home of the bride's parents where the bride's mother received wearing a blue dress. Her corsage was of pink carnations. The groom's mother wore a brown dress and had a corsage of brooms carnations.

For travelling the bride wore a blue suit with matching accessories and a corsage of pink carnations which accompanied her ensemble. Amidst good wishes the happy couple left for Niagara Falls and other points. They will reside in Kirkfield.

The October meeting will be held at the home of Mrs. M. Endicott, King St.

South Victoria W.A. Deanery meet in Omeme

Omeme (PNS) — South Victoria Deanery of the Women's Auxiliary of the Church of England convened its Christ Church, Omeme, on Wednesday with Mrs. Ray Robertson of Dunford presiding.

Mrs. Earl Kennedy, of Lindsay, the secretary, read the minutes of the last two Deanery meetings held at St. Paul's Anglican Church, Lindsay.

Mrs. Norman Thurston, of Dunford, read the Scripture. Voice of thanks to the many speakers were extended to Mrs. R. A. Quint, of Lindsay; Mrs. George Meades of Bob-cayn and Mrs. Mansfield, of Omeme.

Branch presentations from Lindsay, Canadagon, Bob-cayn, Omeme, and Dun-ford gave reports of the year's work.

Mrs. Robertson was re-elected as president and Mrs. Earl Kennedy as secretary.

The day began with a service of Holy Communion with the rector, Rev. R. S. Mans-

Ezra Priest

Burke - Sholer

A lovely wedding was solemnized in the Haliburton United Church when Barbara Brown Sholer, only daughter of Mr. Paul Sholer and the late Mr. Ray Sholer of Haliburton, was united in marriage to William Robert Burke, eldest son of Mr. and Mrs. Charles Burke of Haliburton. Rev. George Price officiated.

Given in marriage by her uncle, Grenville Sholer, the bride wore a floor-length sheer organza over tulle, a circular fingertip veil was held by a coronet of rhinestones and pearls. She carried a bouquet of red and white sweetheart roses.

The matron-of-honor was Mrs. Edwin Hodgins, aunt of the bride. The bridesmaids were Mrs. James Orr and Miss Bernice Sisson. They wore identical street-length gowns of mist green silk organza over tulle with matching boleros. They carried bouquets of yellow roses and white mums.

The little flower girl, Darlene Hodgins, wore a short gown of pale yellow nylon over tulle with white accessories, and a coronet of white lace with yellow roses. She carried a nosegay of yellow roses and white mums.

The best man was John Burke, brother of the groom, and the usher was Gary Burke, brother of the groom, and Wayne McNeil. The groom and his attendants wore white jackets, black trousers and red carnations.

The soloist Mrs. Donald Walling sang "The Lord's Prayer" and "O Perfect Love." Following the wedding a reception was held at Bonnie View Inn where the bride received the guests wearing a turquoise suit and a corsage of pink and white roses. She was assisted by the groom's mother, who wore beige nylon sheer over brocade tulle with white accessories and a corsage of yellow and white roses.

Following the reception the happy couple left on a honeymoon. On their return they will reside in Oshawa.

Ezra Priest passed away at his home at West Guilford on September 12, 1961.

The late Mr. Priest lived alone for some years and was a remarkable citizen and highly respected in the community. He suffered a stroke, was in his 81st year.

The body rested at the Welch Funeral Chapel in Haliburton until September 15th, when a service was held there conducted by the Rev. John Smith of the Baptist Church.

Interment was made in the white vaulted tomb of the Baptist Cemetery, West Guilford.

GOOD LOSER

Raymond Tynan was calling his first bingo game in a London Theatre and was shocked when 50 of the players jumped to their feet and yelled bingo.

A check of the cards showed that all 50 players had a bingo and Franklin had to hand out 50 pence.

Later Franklin learned that his printers had made a mistake and printed dozens of duplicate cards.

1961

This is a significant date for us as it is just 40 years this Fall since we began exhibiting at the Lindsay Exhibition.

This ranks us about the oldest commercial exhibitor to still be showing at the Lindsay "EX".

When we first exhibited in 1921, we had the centre spot in the old main building in just about the same area we occupy today.

There have been a great many changes over the years. In 1921, we were still using a horse and wagon for delivery. A large percentage of the fair patrons came by horse and buggy and train. Progress has changed all this. However, the spirit of the Fair is still the same.

We wish to take this opportunity to Salute the MANAGEMENT and STAFF OF LINDSAY CENTRAL EXHIBITION for their continued success over the years.

PLANNING BOARD MEETING

Can display on own land

Lindsay's sign dispute which opened up several weeks ago and has been raging ever since, has finally been settled.

The town's planning board voted last night to allow which will allow the signs to be placed on private property as long as the signs are located on the south side of the line. The signs involved are located on the town's main road and are owned by Radio Station CKLX, Milligan Lodge and Green Stables Motel.

The board stated that the owners of the signs would be required to share with the town engineer to establish where the line should be.

Previous to the planning board's action, there was some doubt as to whether under zoning regulations, the signs could be displayed on private property. The board upheld town council's decision that the signs would be on private property.

The issue has been one of the main concerns for the past several weeks. It broke out shortly after the town council had decided in a handsome, modern new sign in front of the town hall.

The board has said to hear a petition to re-zone the area commercial from residential. It is also reported that there is a counter petition to keep the area residential.

Planning Board Secretary Don Tofflemire says that the town council meeting was held on Oct. 19, 1981, at 8:00 p.m. in the town hall.

Sold liquor to a minor, fined \$300

Selling beer on the side just isn't pay as Nicholas J. DeGroot, 34, of Alvin Brown, a 19, of Toronto, was charged on obtaining under age.

The liquor was sold to Alvin Brown, age 19, of Toronto, who was charged on obtaining under age.

The Batura property was also declared a public place.

ARAB SPEAKER TO ADDRESS B & P WOMEN

The Business & Professional Women's Association is having as their speaker on Monday, September 18, Mr. Khalid Babba, Minister of Information in Canada. Mr. Babba has lectured before such organizations in United States and groups in United States and Canada, and has appeared on television and radio.

He is speaking on the status of women in his native land. He is considered one of the best lecturers in this country with his knowledge of Arab society and his reserve and clarity of speech.

He studied law in Palestine, then moved to the United States in 1952, receiving his B.A. in economics and political science from the University of Michigan in 1955, and his M.A. in political science from the same university in 1956. Mr. Babba is currently a candidate for the Ph.D. degree in International Affairs and International Law at New York University.

This topic should be of interest to all women.

History in the making

This photo of progress to date on the Victoria County Historical Society's new museum is history in the making for the society. This ambitious project, when completed, will be a historical treasure in itself for the society and for Victoria County, which will end up with a county museum second to none. President Dan McQuarrie of the society told "The Post" that the job should be sufficiently complete by the end of the month, to start moving in the many exhibits, which have been collected over years. Funds are still required to complete the project and it is hoped that residents of Lindsay, and the county, will see fit to support this attractive new museum building which will house our historical heritage. The modern structure was designed by Yamazaki and Ridpath.

The magazine, when completed, will contain feature articles and information about the LODA area - which takes in the counties of Victoria, Haliburton, Northumberland and Hastings. Peterborough, Hastings, Prince Edward and Lennox and Addington.

The magazine is expected that the outdoor publication will be available around the first of 1982 to that copies can be distributed at sportsmen shows in Buffalo, Glenora, Clinton and Detroit.

Takes \$1 to buy bread woman gets 5-day jail

Toronto — A 41-year-old woman was sentenced to five days in jail for stealing a loaf of bread from a church poor box to buy a loaf of bread.

Maria Mekal was fined \$20 or five days in jail for guilty to stealing the loaf, but had to go to jail because she could not raise the money.

Accomplished Talent performs at Fenelon

Fenelon Falls (P.N.) — The people of Fenelon Falls were privileged to hear the accomplished talents of Dorothy MacCharles, a soprano from Vancouver, B.C., and Betty Grierson, a mezzo-soprano from Regina, Saskatchewan, who gave a concert during their stay in this town.

The evening was sponsored by the St. Margaret's Guild and was held at St. James Anglican Church Parish.

The two artists have been spending the summer in Fenelon. Both study their art in their own homes and have returned to Milan to continue their studies.

Mr. Herbert Towley acted as master of ceremonies for the program. Misses Kitchin and Grierson sang classical numbers by Handel, Cervelli, Brahms, Schumann and Offenbach as well as folk songs from England, Italy, Ireland, Scotland and an Indian Chorus song.

Miss Towley added to the delight of the program by playing a piano solo and accompanying the artists for several cuts.

Following the concert, the audience had a social hour and talked with Miss Charles and Miss Grierson at a reception held in the hall. Many took this opportunity to meet and have a cup of coffee.

French philosopher René Descartes said: "The greatest minds are capable of the greatest virtues as well as the greatest vices."

The September meeting of the Lindsay Kinnite Club took place Monday evening. The meeting opened with the singing of the Queen followed by Grace and the Kinnite Song. Two new members, Olive Richards and Barbara Turner, were welcomed into the club.

Health Mental Bags which had been distributed to Club members in Prince Edward and Hastings, were turned in and will be forwarded to the Ontario Mental Health Association.

The draw for the evening was won by Secretary Betty Turner.

The Club decided to take care of their adopted girl, Michelle, in France for another year through a contribution to the Save The Kinnite Fund.

Highlights of the evening included a report (in song) by the Kinnites who recently attended the National Kinnite Convention in Toronto.

The executive were very capably installed by Kinnite Past President Jack Bellamy and Vice-President Murray Davis. Following is the new Kinnite Executive for the coming year: Past President — Penny Arty; President — Gloria Bellamy; Vice President — Vera Wood and Eunice Wilson; Secretary — Betty Pulter; Treasurer — Evelyn McEldown; Registrar — Dianne Davis; Bulletin Editor — Ruth Barrett; Directors — Joyce Moore, Marie Alger and Jo Alger.

Sunderland

Mr. and Mrs. Bert Hancock visited friends at Aylen Lake near Algonquin Park.

Mr. and Mrs. W. R. Child have taken up residence in Sunderland. Mr. Child is on the teaching staff at Brock University School of Education.

Mr. Herb Jones had the privilege to break his arm and a bone in his foot.

Mr. Duncan Martin is home again after having been a patient in the Ross Memorial Hospital.

Mr. Wm. McClellan, Vrooman, is confined to the Ross Memorial Hospital, Lindsay.

LINDSAY LAWN BOWLERS WIN MANY TROPHIES IN HIRAM WALKER DOUBLES

The weatherman was very generous to the Lawn Bowlers' Association for their annual tournament which was held at the local greens on Albert and street north. There were risks from Orkney, Cambridge, Nova Scotia, Toronto, Ontario, Bech, Campbell, Peterborough, Coburg, Newmarket and Lindsay competing in the final round of the double draw which started at 10 a.m. in the morning.

When the final game was completed a pair from Peterborough carried off the gold medal and first prize.

FALLOUT SHELTERS COULD PROVIDE NEW LEASE ON LIFE

People are doing a lot of talking about "bomb shelters" these days.

It ought to be pointed out that most of them aren't fallout shelters at all. They are, in fact, no shelter in the blast area, no matter how deep they are, nor will they protect those inside.

But... if you're outside the blast area... a fallout shelter would protect you from a deadly side-effect of the bomb... radioactive fallout. Thus the shelter is about as termed not "bomb shelters" but "fallout shelters."

These can take many shapes and forms. Two in the New York City area are good examples of the extremes.

The first is a two-bomb shelter 15 miles from Manhattan in Laurelton, Queens. It is a two-story building with a concrete core and a lead lining. Entrance is by tunnel and is open hydraulically. There are air filters, auxiliary power generators, water, food and ventilation, and room for a minimum of six weeks.

Total cost: \$400,000. It would house himself, his wife, and eight year ten-year-old child.

A civil defense official says Byron's shelter would give its occupants a chance for survival if the blast were within miles away or even half mile. And there's all Byron wants — a chance for survival.

He puts it this way: "There's no 100 per cent guarantee for life. You can die in a plane crash or a car accident."

Doesn't like council's treatment; just wants to develop property

Lindsay Beahler, Vera Will said that could be used for development. According to Mr. Wilson, "I just want an okay to go ahead and build on my property with frontage on St. George Street and the real could be developed later. That property is already serviced and installation would be a minor part of the job."

The proposed street at the intersection of St. George Street and the real could be developed later. That property is already serviced and installation would be a minor part of the job.

He submitted a proposed plan to the Planning Board. The plan would build a street through some property which he holds the option to just east of town property.

However, Joseph Staples, town councillor, thinks that this would be a waste of land and that a strip would be left that nothing could be done with.

Mr. Staples has already proposed Wednesday night. This was to put a street through the north of the Wilson property.

Mr. Wilson feels that this before the planning board would take some valuable further discussion.

Haliburton

Mr. Alfred Burke has returned home from the R. M. H. Lindsay after surgery.

Miss Joan Roberts is in Lindsay where her mother is ill in the R.M.H.

Friends of Madeline Earle are anxious for better news after surgery in the R.M.H. Lindsay.

Mr. Anthony Estelon is in Toronto at present.

A carload of babies is en route to Lindsay to attend the bachelorette in the arena.

Mr. and Mrs. Donald Tur, daughter and Mrs. Verna Ford, of Chatham, have returned home after visiting relatives in Haliburton.

Mr. and Mrs. William Still returned from a recent here, who now live in Tweed, are visiting Mr. and Mrs. Charles.

Mr. Joe Killenbeck is home after a long stay in Sunnyvale.

Mr. Howard Higgins at Lakefield visited at his home.

Edna Miller has returned home from the R. M. H. Lindsay.

Anniversary celebrated

Gleason (P.N.) — The Mackay-Brown families and relatives observed the occasion of the Silver Wedding Anniversary of Mr. and Mrs. Mackay (nee Christina Brown) of Dundas in a pleasant evening at the home of Mrs. Mackay's sister and husband Mr. and Mrs. Gordon Jamieson and son John, Elfrise Park, Glenora.

The groom of 25 years is the son of the late Walter Mackay and Christina Mackay of Beaverton. The bride is the daughter of the late Neil Brown and granddaughter Katherine of Calgary.

The attendants for the wedding party were also present: Mrs. Granita McKay (nee Christina Brown), Mrs. Mackay and Mrs. James Mackay (brother of Port Credit).

On arrival the "wedding breakfast" was served by the groom's sister, Mrs. Mackay, by Diane McKelvey and Barbara McKelvey (sister) and John Jamieson (brother).

After a festive anniversary dinner, the sisters and nephews presented Mr. and Mrs. Mackay with a "GREAT

Approval of Deyell property purchase by Queen Street UC now up to congregation vote

At its quarterly meeting last night that is ultimately decided, the official board of the Queen Street United Church concurred in giving through consideration to the question of purchasing the J.W. Deyell Printing Company property adjacent to the church. The option of purchase was made possible by the concerned action of two trustees of the church, Messrs Robert Mark and Jaeger Furman, who had made an offer of purchase and a down payment when an advantageous price of sale was agreed to by the company.

At the board meeting, every member present made at least one expression of opinion. It became evident that three factors were involved in the matter:

1. Concern lest the congregation lose control of a property that may well be a necessity in a future expansion of the church. 2. eagerness to acquire space for Christian instruction and group activities as soon as possible. 3. concern that money and effort might be spent in this venture in such a way as to defer progress toward construction of the Christian education building.

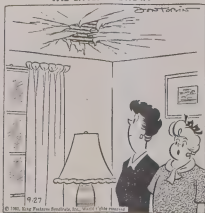

2 BIRDS WITH 1 STONE

The burglary detail and Missing Persons Bureau in Waterloo, Iowa, got together and solved two mysteries with one set of clues.

The clues were—chunks of chicken, a petticoat and small footprints. The Missing Persons Bureau was satisfied when two boys, aged nine and six, were picked up. The burglary officers closed up their case when the boys admitted taking four dollars from a tavern—and leaving their mother's grocery order at the scene.

A LOVELIER YOU

BY MARY BUE MILLER

SILVER TREES, A STYLING ASSIST. It is one thing to have silver streaks around the gold; quite another to have yellow streaks around the silver.

As most grey or white hair does yellow to streak, the occurrence is not cause for alarm but for action. The following tips both prevent and remove yellowing:

- Shampoo at least once weekly. Use a limited amount of shampoo. If you are slow to wash, use a lot of shampoo.
- To further your rinse as best between shampoo, use colored hair rinses. Colored rinses are available in the same shades as your hair.
- Use some purple rinses designed for grey hair. Rinses such as color hair. Some rinses offer less, just for grey hair with white streaks.
- Some rinses neutralize yellowing the hair, avoid long exposure. Keep your head covered with a hat or towel while rinsing.

Given that much care, grey tresses come to look like silver. And the effect is increased by dressing the hair in smooth, well-wave and brushed curls by polishing the surface with pomade and hair brush; by controlling waves and straightening with a regular or setting iron at appropriate temperature.

REINFORCE WALL

The Communists are reported to have reinforced the wall around West Berlin in another effort to keep refugees from fleeing across the border of the divided city. Police say the Reds built a third barbed wire barrier and have dug more trenches. At some points the walls were raised to a height of ten feet.

RESUMES DEBATE

The U.N. General Assembly resumes its general debate today facing with the critical question of whether to put a Soviet "Troika" or a Russian, U.S., and Chinese Ambassador Conference as the basis for a New York last night. Informal sources say Russia proposed that a Secretary General be installed who would chair a two-voting Troika of neutralist Communist and Western deputies. The U.S. rejects the plan, calling it a "four-headed Troika."

CABINET MEETS

The French Cabinet meets today on orders from President De Gaulle to discuss the French settler resistance to a Nigerian independence. Reports from Morocco the French already have begun negotiations with Moslem leaders in Geneva. Attacks by extremists on both sides followed De Gaulle's announcement that he will grant self-determination to Algeria while protecting the rights of European settlers.

WILL INVOLVE RECORD

Liberal Leader Lester Pearson says the next General Election will involve the record of the present government. He told a gathering in Ontario, Alberta, last night that this record layovers in his words: "What it has not done and what it has done wrong."

He says the Conservatives have a record of better after the fact.

PUBLISH LETTER

A Montreal newspaper published a letter from an escapee from the City of Bordeaux Jail who is now in hiding. Escapee George Starino says he was railroaded into the jail and in his letter gives a grim description of life there. He says sick men are never given more than aspirin, complainers are put into straight jackets, and if this fails to cure them they are subjected to beatings and humiliation while placed under mental observation.

FAR AHEAD

Architect John C. Purkin has told an interested group in New York that Canada is far ahead of the U.S. in the development of industrial parks. He says these are becoming "increasingly common" in Canada and save cities from the blight of blight of factory construction.

TO GO AHEAD

Montreal's executive council is expected to go ahead within the next few days to construction of a multi-million dollar subway. Mayor Jean Drapeau says that he expects the vast project to get started at the very basic rate of 15 dollars.

VACANCIES FILLED

All vacancies in the Halifax City Council have been filled without the need for a vote election. Mayor John Lloyd has been returned to office by acclamation and seven aldermen's seats have also been filled by acclamation.

through the education and training of boaters in the fundamentals of Piloting, Seamanship and Small Boat Handling. Lecturers are given once a week by qualified boaters who donate their time and talent free. Students pay only for the textbooks and equipment used in the course plus a small amount needed by the squadron to pay out of pocket cost for junior services, stationery, printing and mailing etc. The only paid members of the squadron are the 40,000 members in Canada are one or two clerical members in the headquarters in Toronto and one stewardess to teaching supplies, flags and other insignia.

Continuing M. Elliot stated that "Anyone who wishes to learn more about boating may take the courses. No one is required to join the squadron after taking a course, but if one does desire to join the squadron, graduation from the first course in Piloting is a requirement. Only Canadian Power Squadron members in good standing are entitled to fly the flag of the organization with its five dark blue bars on a white field with a maple leaf superimposed. And this flag incidentally is becoming widely known and respected on Canadian waters as well as those of the United States.

"The cost of joining and carrying membership in the C.P.S. is modest," Mr. Elliot declared, adding "This is no yacht club or rich man's play-

EDITORIALS

WITH FALL APPARENTLY ARRIVING IN EARNEST . . .

With Fall apparently arriving in earnest after an unusually warm official arrival, it is perhaps as good a time as any to call attention to another event, which is due to take place early in October—Fire Prevention Week.

The first cool days of autumn call for heat in the home, stock and industry. It is in the interest of fire prevention that heating equipment be thoroughly inspected and placed in operation for the much colder weather which lies ahead.

"Fire Prevention Week" publication devoted exclusively to suggestions for making Fire Prevention Week a success, carries the following editorial which forcefully presents up the tragic consequences of NOT preventing fire:

CANADA'S DISGRACE

"It is the world's most expensive highway. For Canada, it is a national disgrace.

It is a highway 5,000 miles long, stretching from the Atlantic to the Pacific.

On both sides of the highway, on lots 100 feet apart, there are homes, an eighth of the homes of Canada.

These are the homes which have been struck by fire.

At every mile of the highway there is a chain for the dead.

More than 500,000 homes destroyed or damaged by fire.

More than 5,000 victims of fire!

Since the British of Canada? No. Only in the last . . .

That is the tragic picture of Canadian carelessness with fire in the home, and elsewhere.

That is the picture for Fire Prevention Week, and every week: keep off the highway, by not giving fire a place in your home.

A TRIBUTE TO THE L. C. E.

The L. C. E. is drawing to a close . . . and for all the glowing praise this newspaper could give to the achievements of the L. C. E. 1951-Landlord and Tenant Commission, it could perhaps be said most sincerely and plainly to say it has been a most accident fire.

To that worthy effort could be applied the words in and about the fact including the weather which is an important factor in this area.

Long may it be so.

We give credit at this time to Manager Newton Wilson, President Earl Kennedy, and all those on the fair-weather who worked to hard to make it a success.

The fruits of their work is simply that it was a success. As Premier Leslie Frost stated Wednesday night . . . "The Central Exhibition is a very important event in this area."

Long may it be so.

STOP! . . . Killing yourself

By Peter J. Steinhilber, M. D. F. A. C. P.

WHEN THE HEART STOPS

Dear Dr. Steinhilber: I am a 40-year-old man who has had a heart attack on at least one occasion. I have been told that the heart stops for a few minutes after a heart attack, and that it is possible to revive it. I have been told that the heart stops for a few minutes after a heart attack, and that it is possible to revive it. LOSS OF MANPOWER

Dear Dr. Steinhilber: I am a 40-year-old man who has had a heart attack on at least one occasion. I have been told that the heart stops for a few minutes after a heart attack, and that it is possible to revive it. I have been told that the heart stops for a few minutes after a heart attack, and that it is possible to revive it.

Comment: When a heart is dead, we consider it really beyond hope. No method is known to bring it back to life. The heart is a very delicate organ, and it is very easy to damage it. It is very easy to damage it.

ONE TATION

News that some 4,000 employees of a major manufacturing concern in London are to be laid off for the month of September because of the drought in the western prairie points up again the need for a more diversified economy in the various industries which make up the Canadian economy.

In recent years and in the wake of our growing population, the Canadian farmer has come to depend increasingly on manufacturing industry to take a substantial proportion of his products. The heavy dependence on domestic markets has also furnished government with much of the revenue for the operation of the various departments of price supports and subsidized freight rates. In consequence, farming families have had a bigger stake than ever in the success of the crop and the weather. It did a much more reason to support it through their purchases.

Now, as once again, it falls to many of the nation's farmers to experience a really bad year.

As important as agriculture is to the national economy, it does not occupy the place of prominence it did a generation or two ago, and the degree of industrial expansion and diversification that has taken place since this major crop failure a quarter of a century ago undoubtedly has cushioned the west against the worst effects of this year's blight. Even so, a bad year for the farmer spells trouble in one form or another for most of us.

100-amp outdoor boxes with socket bases and breakers will be carried by Hydro's rural area offices for resale to customers. When available, 200-amp equipment may also be sold.

At present, Hydro's rural area offices carry low capacity outdoor boxes. When the supply is exhausted, their sale will be discontinued and 100-amp will be the minimum size.

There has been greatly increased interest in larger capacity services for farms since a recent change in the farm rate made billing independent of breaker size.

ONTARIO WHEAT PRODUCERS

Chatham, Ontario—Ontario wheat producers will share a return payment totaling \$145,713.00 for Ontario wheat marketed from July 1st, 1950 to June 30, 1951.

The payment represents the unpaid portion of the market price per bushel plus collected on wheat marketed during the period and amounts to five cents per bushel return, which is now being distributed to individual producers.

In announcing the payment, Mr. Otto McGroarty, Assistant Secretary-Manager of the Ontario Wheat Producers Marketing Board, said the total amount will be shared by 50,000 producers who marketed a total of 9,054,387 bushels of the 1950 soft winter wheat crop.

Mr. McGroarty stated that of the total marketings, 1,384,787 bushels were accounted as surplus wheat during 1950 and that the board had purchased this amount and was successful in selling it all on the export market.

The costs of exporting the surplus wheat, the invoice price of the wheat, and the cost of the wheat in the export positions, and are covered by funds provided by the nine cent rate.

Ontario's winter soft wheat market on the export market during the 1950-51 crop year was comparatively weak. As a result, the average sale price per bushel for 1950-51 was \$1.77, compared with \$1.82 in 1949-50.
